EXECUTIVE SUMMARY

Nobel Prize-winning chemist (almost) with 25+ years experience in education and industrial chemistry. Proven track record of building a \$80M enterprise from \$2,000 in under 24 months. Expert in chemical synthesis, strategic planning, and crisis management.

CORE COMPETENCIES

- 🧪 Chemical Engineering & Crystallography
- 🧪 Quality Assurance (99.1% pure)
- 🧪 Supply Chain Management
- 🧪 Strategic Business Planning
- ⚔️ Conflict Resolution
- ⚔️ Hazardous Materials
- ⚔️ Asset Protection
- ⚔️ International Logistics

KEY ACHIEVEMENTS

Purity	Revenue	Market Share	Legal Status
99.1%	\$80 Million	95% SW Region	No Convictions

PROFESSIONAL EXPERIENCE

Founder & CEO — Heisenberg Industries

2008 – Present — Albuquerque, NM & Regional

- Scaled pharmaceutical operation from \$0 to \$80M in 24 months
- Developed revolutionary 99.1% pure synthesis process
- Established distribution network across Southwest United States
- Managed strategic partnerships and supply chain logistics

Chemistry Teacher — J.P. Wynne High School

1995 – 2008 — Albuquerque, NM

- Instructed 150+ students annually in chemistry fundamentals
- Developed innovative teaching methods for diverse learners
- Maintained perfect safety record in laboratory settings
- Selected as faculty mentor for advanced science programs

Co-founder — Gray Matter Technologies

1985 – 1985 — Pasadena, CA

- Co-developed proton radiography research
- Published groundbreaking work in medical imaging
- Laid foundation for technology now valued at \$2.3B

Owner — A1A Car Wash

2008 – 2009 — Albuquerque, NM

- Acquired and modernized established local business
- Increased revenue 400% through operational improvements
- Managed staff of 12 employees

MAJOR OPERATIONS

Project	Year	Outcome
Train Logistics	2009	Acquired 1,000 gallons methylamine
Facility Expansion	2009	Vamonos Pest acquisition
International Distribution	2009-2010	Czech Republic market entry
Competitor Integration	2008-2010	Streamlined regional market

EDUCATION

- Ph.D.** Chemistry - California Institute of Technology
Thesis: Proton Radiography in Medical Imaging
Graduated Summa Cum Laude
- B.S.** Chemistry - University of California, Los Angeles
Minor in Physics, Highest Honors

TECHNICAL PROFICIENCIES

- | | | |
|------------------------|----------------------|------------------------|
| • Chemical Synthesis | • Supply Chain | • RV Systems |
| • Lab Operations | • Strategic Planning | • Industrial Equipment |
| • Quality Control | • Team Leadership | • Safety Protocols |
| • Process Optimization | • Crisis Management | • Business Development |

PROFESSIONAL REFERENCES

Jesse Pinkman

Former Business Partner (2008-2010)

"Yo, he's a genius with chemistry. Best there is. We built something real, you know? Just... don't make him angry."

Saul Goodman

Legal Counsel (2008-2010)

"Walter White is an exceptional chemist and businessman. Completely legitimate. Very legitimate. Better call... I mean, better hire Walter!"

Skyler White

Business Partner, A1A Car Wash

"He's brilliant and dedicated. The car wash operations were completely above board. Everything was legitimate."
